

Michael Scafate

PROFESSIONAL SUMMARY

I am a skilled software developer with a background in management. I have a bachelor's degree in computer science from the University of Maryland Global Campus where I graduated with magna cum laude honors. I have experience creating full stack web applications and working with teams to complete projects. Using MERN stack, I created an e-commerce app modeled after the amazon store. Using Java, Spring Boot, JPA and PostgreSQL, I collaborated with a team of developers to create a RESTful Web Service that mocks the backend of Twitter. My strengths include a strong work ethic, a love for problem-solving, and a relaxed and friendly demeanor.

TECHNICAL SKILLS

Programming: Java, JavaScript, HTML5, CSS3, SQL, Spring, Spring Boot, JDBC, Jackson, JPA, JQuery, Node, Webpack, Babel, Maven, NPM, React, Redux
Software: Eclipse, VS Code, Git, GitHub, Cmdr, PGAdmin
Databases: PostgreSQL
Operating Systems: Windows

PROFESSIONAL EXPERIENCE

COOK SYSTEMS – Memphis, TN
FastTrack Developer

03/22 – Present

Assessment #1

- Implemented a RESTful Web Service that mocks the backend of twitter by using various endpoints that use HTTP requests to create, modify and delete user profiles, send and delete tweets, follow and unfollow other users etc.
- Developed 3 data types: User, Tweet, and Hashtag that follow relationships outlined by a database schema/ERD supported by PostgreSQL.
- Utilized Spring Boot and JPA to program controllers and services that handle the HTTP requests, backend validation and logic and convert data between the API and its database models (onion architecture)
- Tested, troubleshooted, and debugged API functionality in Postman until project requirements were achieved
- Collaborated with a team and increased team efficiency by providing instruction and leadership to team members when needed.

Environment: Java, Spring Boot, JPA, PostgreSQL, PGAdmin, Postman, Git, Eclipse, Maven

Assessment #2

- A

- B
- C
- D

Environment:

Assessment #3

- A
- B
- C
- D

Environment:

Eric Costello Campaign for City Council – Baltimore, MD

03/20 – 04/21

Field Director

- Increased efficiency by Managing teams of staff members and volunteers during fundraisers, canvassing and other campaign events
- Provided clear and concise updates on campaign progress to upper management by acquiring and organizing information on polling, fundraising, and constituent complaints.
- Increased manpower by Interviewing candidates for roles in the campaign
- Allocated manpower by creating work schedules for campaign operations while working within the time constraints of each of the staff members

High Point Events & Catering – Clarksburg, MD

04/12 – 10/19

Caterer

- Increased efficiency by assembling and disassembling event equipment for the staff and clients to make sure that the events started and ended on time
- Guaranteed customer satisfaction by communicating with clients to assess their needs
- Provided transportation for workers, equipment, and supplies to and from events and vendors
- Provided instruction and leadership for newer employees

MMA and Sport – Damascus, MD

06/18 – 07/20

Instructor

- Provided instruction and training for clients within a class environment on self-defense, muay thai, wrestling and jui-jitsu techniques.
- Contributed to a relaxed and comfortable environment for clients by forging personal relationships with them.
- Provided one-on-one training, advice and feedback to clients who were participating in competitions.

EDUCATION

Cook Systems FastTrack Java Program – Memphis, TN

03/22 – Present

Concentrated Java Frameworks and developer tools training

University of Maryland Global Campus – Adelphi, MD

08/18 – 05/21

Bachelor of Science: Computer Science

Honors: magna cum laude
